COPYRIGHTS APPLY IN ALL CASES.

Always ensure that your organisation is properly licensed.

ACF is the **exclusive Canadian public performance rights representative** for numerous studios and thousands of movies. We offer short term and annual public performance licenses that allow for the presentation of commercially available movies in a public. No other rights representative may offer licenses (in Canada) for the studios and movies we exclusively represent in Canada.

The Copyright Act of Canada is the federal statute governing copyright law in Canada and it regulates the public performance of commercially available movies across the country. Additional information concerning copyrights in Canada may be obtained at:

<http://www.cb-cda.gc.ca/societies-societes/index-e.html>

In regards to movies, what is a public performance?

Essentially, a public performance is any type of movie presentation that occurs outside of a private dwelling (your house, condo or apartment) or for audiences other than family and friends. Example, if you show an outdoor movie in your backyard, but invite 100 people from the neighborhood, then your event will be considered a public performance.

Indoor or outdoor movie nights organized by municipalities, community associations, private business or any other types groups require a public performance license, even if these events are free or take place for just a few people.

All types of events occurring in municipal venues such as senior centers, youth centers, community centers, pools, public libraries, outdoor parks, arenas, and day and summer camps require a license. There are no exceptions.

Notwithstanding the charitable or non-profit nature of your event, a public performance license is required. Most of the organisations we deal with (schools, churches, towns, etc.) are not-for-profit in nature and all require a public performance.

FREQUENTLY ASKED QUESTIONS

Copyright Licensing

We show movies that we have purchased in blu-ray, DVD or through an online commercial streaming service. Is a license still required?

Yes, public performance licenses are required in all cases. Movies that are rented, borrowed or purchased are only for personal, private use for family and friends. Owning a DVD or renting a streaming service (NETFLIX®, GOOGLE PLAY®, CRAVE TV®, AMAZON PRIME®, ITUNES® etc.) does not confer any public performance rights. If you wish to use a streaming service, ACF offers its own as an add-on to the copyright license for public presentations.

We have just found out about copyright licensing requirements, is this a new law?

No, the Canadian Copyright Act has been in place for several decades, and licensing requirements have always existed.

What if I don't charge or doing this for a good cause?

A license is required in **ALL** cases, even if movies are shown freely or as part of a fundraiser.

Do all organizations require a license?

Essentially, **yes**. All types of public, private or commercial organisations that present commercially available movies require a public performance license.

These organizations include:

Educational Institutions

Museums

Hotels & Resorts

Private Business

Daycares

Public Libraries

Churches & Religious Organisations

Hospitals & Health Care Organisations

Campgrounds

Municipal Organisations

Private Schools & Colleges

Restaurants & Bars

Youth/Senior Centers

Business Associations

Not-for-Profit Group

Community Associations

Governmental Installations

Credit Unions and Banks
